

SENIOR TRAIL WALK ON THE OLD CROTON AQUEDUCT

Come out & walk with us!

A simple walk in the woods can improve blood circulation, relieve stress, and keep us feeling connected! Let's get through the winter TOGETHER by gathering for a short hike on the famous Old Croton Aqueduct trail. Join NYS Parks educator, Laura Compagni, for a guided winter walk, hot cider, and some stories about the historic tunnel that lies beneath the trail. Please register by sending an e-mail to Laura.Compagni@parks.ny.gov.
